

Press release
June 19th 2024

Audico Systems AB, part of Audico Group, which includes Intersonic, acquires Weiab Systemlösningar AB.

Weiab Systemlösningar AB has for over 50 years built a strong reputation in the industry and a company with experience in professional audiovisual (AV) system solutions. It is with great pleasure that we now welcome them to the Audico Holding family. Through this strategic deal, Audico Systems AB in Sweden strengthens its position as a leading player in advanced AV systems. An imported step for sustained growth and stronger position.

"We are very pleased that Weiab Systemlösningar AB chose to join us and become part of Audico Group" says Johanna Berlinde, CEO Audico Group. "Their extensive experience and expertise will enhance our ongoing expansion strategy in Sweden and elevate our offering in cutting-edge AV solutions, while increasing our presence across more locations in the country. This acquisition is an important step in our ambition to be closer to the customer and provide innovative and reliable projects and service." she continues.
